Dulisol Hydro

2in1

Water Acrylic Floor paint

Special one component water paint, suitable for paved surfaces, cement floors, tiles, mosaic and ceramic surfaces. Due to its special composition, Dulisol Hydro is suitable for indoor and outdoor floors, of mild mechanic stress. It provides strong adhesion on difficult surfaces such as: tiles, PVC, galvanized parts and surfaces, without any primer use. It offers high spreading rate, easy application, strong resistance to natural wear and tear and adverse weather conditions.
