Smaltolux Hydro

Ecological, Polyurethane - Acrylic hypo-allergic water based enamel paint for wooden and metal surfaces!

Certified for its antimicrobial action. Hypo-allergic awarded by the British Allergy Foundation. It can be used on surfaces of wood, metal, glass, aluminum, hard PVC, with excellent adhesion. It has no stickiness after drying. It gives a smooth, hard and elastic non yellowing finish film. It has been certified under EN 71-3 against heavy metal migration on children's toys and furniture.

 SPREADING RATE 11-13m²/Lt	 DILUTION 10-20%	 DRYING 2-3 h	 COATING 2	 AVAILABLE AT 750ml, 2,5Lt
